

Information for Connecticut Pharmacists and Prescribers of Prescription Drugs¹

Rapiblyk™ (landiolol) for injection, for intravenous use

The Wholesale Acquisition Cost (“WAC”) of Rapiblyk (landiolol) is \$850.00 per 280 mg. single dose vial. The WAC is the price at which Rapiblyk (landiolol) is sold to wholesalers/pharmacies as of July 2025.

Information of efficacy by racial and ethnic subpopulations from clinical trials of Rapiblyk (landiolol) has been made available to the Food and Drug Administration.²

The pricing information disclosed represents the WAC price, which represents the manufacturer’s published catalog or list price for a drug product to wholesalers as reported to third-party drug pricing publishers. WAC does not represent actual transaction prices and does not include discounts, rebates or reductions in price. The price paid by patients to acquire the products listed is often different than the WAC prices listed, and most patients do not pay WAC. How much a patient will pay will depend on the patient’s insurance coverage. To learn the exact cost of a prescription, patients should contact their health insurance company or preferred pharmacy. The pricing information listed does not imply the safety or efficacy of the product, and no comparisons should be made.
